Manitoba
Advocate

Recommendation Compliance Summary

This form details the assessment of compliance with recommendations made under Section 27 and Section 31 of *The Advocate for Children and Youth Act*. MACY assesses recommendations for compliance once a year but receives updates from the public bodies every six months.

1. Recommendation Information	
Report Name:	Safe and Sound: A Special Report on the Unexpected Sleep-Related Deaths of 145 Manitoba Infants
Date Released:	3/13/2020
Full Recommendation: (including details)	<p>Recommendation Three: The Manitoba Advocate for Children and Youth recommends that Manitoba Health, Seniors and Active Living (now Health and Seniors Care), in partnership with the Assembly of Manitoba Chiefs’ First Nations Health and Social Secretariat of Manitoba, and First Nations and Metis governments develop, carry out, and subsequently evaluate, a new public education campaign that raises awareness of the known risk factors associated with sleep-related infant deaths.</p> <p>DETAILS:</p> <ul style="list-style-type: none"> • This public education campaign will be targeted to vulnerable families and be culturally appropriate, both in content and delivery. • Education materials will be developed for different audiences including expectant mothers, other caregivers such as fathers, grandparents, and extended family members. • Education materials will include multiple risk factors, given that few sleep-related infant deaths involve a single risk factor. • The public education campaign will recognize barriers to information access by considering various types of media including print, radio, video, public advertisement, internet and social media. In particular, radio has been successfully used by the Sacred Babies program to reach remote communities. • Education campaign materials will be distributed to families during prenatal care, in hospital, at The Birth Centre, and by Public Health Nurses post-partum public health visits. Materials will also be made available to all childcare centres, obstetrician and pediatrician offices in Manitoba, community organizations that deliver prenatal and post-natal education classes, and First Nations community health centres/nursing stations.
Intent(s) of Recommendation:	<p>The intents of the recommendation are to:</p> <ol style="list-style-type: none"> 1. This public education campaign will be targeted to vulnerable families and be culturally appropriate, both in content and delivery. 2. Education materials will be developed for different audiences including expectant mothers, other caregivers such as fathers, grandparents, and extended family members. 3. Education materials will include multiple risk factors, given that

	<p>few sleep-related infant deaths involve a single risk factor.</p> <ol style="list-style-type: none"> 4. The public education campaign will recognize barriers to information access by considering various types of media including print, radio, video, public advertisement, internet and social media. In particular, radio has been successfully used by the Sacred Babies program to reach remote communities. 5. Education campaign materials will be distributed to families during prenatal care, in hospital, at The Birth Centre, and by Public Health Nurses post-partum public health visits. Materials will also be made available to all childcare centres, obstetrician and pediatrician offices in Manitoba, community organizations that deliver prenatal and post-natal education classes, and First Nations community health centres/nursing stations. 6. Public education materials (e.g., books, pamphlets, videos, posters, etc.) developed by the Government of Manitoba, as part of any safe sleep education campaign, will be written in accessible language and available in the prominent Indigenous languages of Manitoba.
Issue:	Safe Sleep
Public Body	Manitoba Health and Seniors Care
Dates of Previous Official Updates from Public Body:	July 13, 2021
2. Compliance Determination	
Non-Compliant 0.0	None or almost none of the requirements have been met; even if steps have been taken towards implementation, actions taken are not in line with the nature and intent of the recommendation, or no actions have been taken.
Self-Assessment	Non-Compliant
Previous Compliance Determination	N/A
3. Rationale for Determination <i>(How did you reach this compliance determination)</i>	
<p>2021</p> <p>As stated in the response from Manitoba Health, and Seniors Care:</p> <p>“The Public Health Branch has been committed to responding to the current pandemic and will be able to return to regular and routine work such as responding to these recommendations once the COVID-19 vaccination campaign has been completed and has moved into the universal on-going public health systems and processes.”</p> <p>Analysis Summary: No action has been taken towards implementing this recommendation. As such, this recommendation has been deemed non-compliant.</p>
