

COMPLIANCE DETERMINATION

Safe Sleep- Recommendation 6

Recommendation Summary: Develop an accredited online training module on safe infant sleep practices and make it accessible through the Shared Health Learning Management System.

Primary Public Body: Government of Manitoba

1. Training will be informed by the best available evidence, including the AAP Recommendations on Safe Sleep

The Public Health Branch has been responding to the current pandemic, specifically the COVID-19 vaccination campaign. As such, no action has begun on responding to this recommendation.

Outstanding Action: All actions remain outstanding.

2. All Public Health Nurses, child and family services providers, and Families First Home Visitors in Manitoba should complete the online training about safe infant sleep practices

The Public Health Branch has been responding to the current pandemic, specifically the COVID-19 vaccination campaign. As such, no action has begun on responding to this recommendation.

Outstanding Action: All actions remain outstanding.

4. Healthcare providers and child and family services providers across the province will have access and receive accredited training

The Public Health Branch has been responding to the current pandemic, specifically the COVID-19 vaccination campaign. As such, no action has begun on responding to this recommendation.

Outstanding Action: All actions remain outstanding.

3. Training should become part of mandatory training for newly hired Public Health Nurses, Families First Home Visitors, child welfare providers, and Early Childhood Educators

The Public Health Branch has been responding to the current pandemic, specifically the COVID-19 vaccination campaign. As such, no action has begun on responding to this recommendation.

Outstanding Action: All actions remain outstanding.

COMPLIANCE DETERMINATION

No action has been reported.

Recommendation Compliance Summary

This form details the assessment of compliance with recommendations made under Section 27 and Section 31 of *The Advocate for Children and Youth Act*. MACY assesses recommendations for compliance once a year but receives updates from the public bodies every six months.

1. Recommendation Information	
Report Name:	Safe and Sound: A Special Report on the Unexpected Sleep-Related Deaths of 145 Manitoba Infants
Date Released:	3/13/2020
Full Recommendation: (including details)	<p>Recommendation Six: The Manitoba Advocate for Children and Youth recommends that Manitoba Health, Seniors and Active Living (now Health and Seniors Care), in partnership with the Assembly of Manitoba Chiefs' First Nations Health and Social Secretariat of Manitoba, develop an accredited online training module on safe infant sleep practices, accessible through the Shared Health Learning Management System (LMS).</p> <p>DETAILS:</p> <ul style="list-style-type: none"> • Training will be informed by the best available evidence, including the AAP Recommendations on Safe Sleep. • All Public Health Nurses, child and family services providers, and Families First Home Visitors in Manitoba should complete the online training about safe infant sleep practices. • Training should become part of mandatory training for newly hired Public Health Nurses, Families First Home Visitors, child welfare providers, and Early Childhood Educators. • Healthcare providers and child and family services providers across the province will have access and receive accredited training.
Intent(s) of Recommendation:	<p>The intents of this recommendation are:</p> <ol style="list-style-type: none"> 1. Training will be informed by the best available evidence, including the AAP Recommendations on Safe Sleep. 2. All Public Health Nurses, child and family services providers, and Families First Home Visitors in Manitoba should complete the online training about safe infant sleep practices. 3. Training should become part of mandatory training for newly hired Public Health Nurses, Families First Home Visitors, child welfare providers, and Early Childhood Educators. 4. Healthcare providers and child and family services providers across the province will have access and receive accredited training.
Issue:	Safe Sleep
Public Body	Manitoba Health and Seniors Care
Dates of Previous Official Updates from	July 13, 2021

Public Body:	
2. Compliance Determination	
Non-Compliant 0.0	None or almost none of the requirements have been met; even if steps have been taken towards implementation, actions taken are not in line with the nature and intent of the recommendation, or no actions have been taken.
Self-Assessment	Non-Compliant
Previous Compliance Determination	N/A
3. Rationale for Determination <i>(How did you reach this compliance determination)</i>	
<p>Intent 1: Training will be informed by the best available evidence, including the AAP Recommendations on Safe Sleep.</p> <p>2021</p> <ul style="list-style-type: none"> No information provided. <p>Intent 2: All Public Health Nurses, child and family services providers, and Families First Home Visitors in Manitoba should complete the online training about safe infant sleep practices.</p> <p>2021</p> <ul style="list-style-type: none"> As identified in the Manitoba Health and Seniors Care response, training on safe sleep practices is currently provided to all Public Health Nurses and Families First Home Visitors. <p>Intent 3: Training should become part of mandatory training for newly hired Public Health Nurses, Families First Home Visitors, child welfare providers, and Early Childhood Educators.</p> <p>2021</p> <ul style="list-style-type: none"> Although no new work has been conducted on this recommendation, the response indicates a framework exists for standards of the work of Public Health Nurses through the utilization of the Provincial Public Health Nursing Standards since 2015. <p>As stated in the response from Manitoba Health and Seniors Care: “The Public Health Branch has been committed to responding to the current pandemic and will be able to return to regular and routine work such as responding to these recommendations once the COVID-19 vaccination campaign has been completed and has moved into the universal on-going public health systems and processes.”</p> <p>Analysis Summary: No action has been taken towards implementing this recommendation. As such, this recommendation has been deemed non-compliant.</p>
