<b>3. Rationale for Determination</b> <i>(How did you reach this compliance determination)</i>	
<p><b>1. Implement Virgo Recommendation 5.4: Establish a concerted cross-sectoral process to reduce perceived and real jurisdictional boundaries that prevent access and coordination of services.</b></p> <ul style="list-style-type: none"> <li>• Jordan’s Principle Working Group (June 2020): continued to meet in the early part of 2020.</li> <li>• Meeting with federal officials (June 2020): to get an update on the implementation of Jordan’s Principle. Occurred in January 2020.</li> <li>• Letter to the Prime Minister (Dec. 2019): Inviting the Manitoba and Federal governments to participate in a tripartite Jordan’s Principle Equity Roundtable. This letter was responded to by Minister Clarke who welcomed further discussion.</li> </ul> <p>The development of the Jordan’s Principle working group and the efforts made to meet with federal officials, including the Prime Minister, demonstrate that activities are occurring to assess the coordination of services and the reduction of jurisdictional boundaries. However, it remains unclear what the specific goals of the Jordan’s Principle working group entail and how this work will help improve access to and coordination of services. Actions taken implement a small part of the recommendation by demonstrating increased communication with the Federal government, indicating limited compliance. No actions were reported on the details of the recommendation.</p>
